**	Digipakket by LiNK: ( Digital Equipment)	Global description content
		High-quality headphone (Sennheiser HD 201 (headphone) or Sennheiser HD25/sp2 (deluxe headphone) ), portable HDD (USB powered, min 200GB), SD-Card (A-brand, min 8GB )

**Attention! If you do not possess the necessary tools it is impossible to attend certain classes. To use saxon equipment there are sometimes additional requirements. The equipment bought at LiNK is approved for that.**

Please note that during the academic year also other materials must be purchased. Think e.g. lecture notes, handouts, Software, DVDs. Many digital material is available or is already available on the Internet. To copy and printing costs are. A good multimedia computer can be handy, so you can work at home. But wait on purchasing a new computer (PC / MAC) until you really begin your training and experience that you own a home (new) computer.
