	Arduino Duemilanove incl. USB-cable

Attention! If you do not possess the necessary tools it is impossible to attend certain classes. To use saxon equipment there are sometimes additional requirements. The equipment bought at LINK is approved for that.

Please note that during the academic year also other materials must be purchased. Think e.g. lecture notes, handouts, Software, DVDs. Many digital material is available or is already available on the Internet. To copy and printing costs are. For the 3rd and 4th year the needed books will depend on the individual approved program the student will follow.
